UNCONTROLLABLE WATER USAGE POLICY

In the case of a water leak or other uncontrollable circumstance, a customer may apply for a lower tier rate by submitting a letter stating the issue and a method and date for a solution that is satisfactory to ACWWA.

The customer, at the sole discretion of ACWWA, may be issued a credit for the difference between the tier originally billed and a lower tier based on prior usage. The calculation of the credit amount is at the sole discretion of ACWWA.

If a credit is issued, it will be issued only after the customer submits satisfactory proof of the solution (on or before the date agreed upon). If the customer does not correct the issue by the date agreed; no adjustment will be made.

All late fees and interest charges will continue to accrue on the account and will only be adjusted if the issue is corrected by the agreed upon date. If a credit is granted, it will be for the difference between the original bill and the adjusted bill.

Credits that exceed \$3,000 or a period of 3 months from the date that the incident occurred may not be granted without Board approval.
